

Supervisors Hit New Race Track Proposal

Construction and operation of additional race tracks will not be allowed in Los Angeles County, if the Board of Supervisors has its way.

The Board approved a resolution submitted by Chairman R. V. Darby at last week's meeting and held over for a final decision today. The resolution stated that Los Angeles already had enough race tracks with Hollywood Park, Santa Anita and the County Fair grounds at Pomona, plus the Western Harness Racing Association, operating approximately 149 days a year.

According to Darby, 30 weeks of racing out of every year is more than sufficient to support the sport in this county.

Application for a race track at Puente is before the California Horse Racing Commission now, and the Supervisors submitted their resolution as a protest against the granting of it.

Construction Of Beach Aquarium May Start Soon

Ground was broken yesterday on Marineland of the Pacific, \$100,000 sea life aquarium being built alongside Hermosa Beach pier.

Octopi, sharks, alligators, penquins and possibly a whale will be among the exhibits of sea life in the first building on south side of the pier. Construction of the 210 by 180-foot unit on the north side will probably get under way sometime in 1948, officials predicted.

One hundred steel tanks will be used on the first unit and special lighting effects will be installed to fully illuminate the large tanks.

Adequate pumping and refrigeration will be installed and the fish will swim in salt water piped into the tanks every day through two four-inch pipelines extending 1,000 feet into the ocean.

New Election Board Plan

The Board of Supervisors Tuesday voted for five-member boards in precinct polling places for the June primary and November elections, according to report by Chairman of the Board Raymond V. Darby.

On recommendation of Wayne Allen, county manager, and Michael J. Donoghue, registrar of voters, it was voted to pay \$12 rental for each polling place, \$15 for an inspector, \$12 each for two judges, and \$12 each for two clerks.

It was estimated that this would cost the County approximately \$429,050 for both elections, Supervisor Darby said.

COUNTY TO SET UP NEW DEPARTMENT TO RUN AIRPORTS

A new department of airports and aviation will be set up by the county of Los Angeles to administer the operation and maintenance of airports under its jurisdiction in accordance with the policy approved by the Board of Supervisors.

Chairman Raymond V. Darby's proposal that a committee be set up to work out recommendations for the formation of the new department was approved unanimously, and Supervisor Roger Jessup, County Manager Wayne Allen, Regional Planning Commission Engineer William J. Fox, and County Counsel Harold Kennedy were appointed to the committee.

READING OFF THE CEILING

One of the latest gifts of the American Red Cross to various hospitals throughout the country is a ceiling projector which enables bedfast patients to enjoy complete novels or picture books without fatigue or strain. The patient pushes a button connected with a device on the bedside table and the image in the book is projected on the ceiling.

SKYSIGNS FOR PRIVATE PILOTS—Here is type of air marker being installed on Skyway 1, private pilots' safety airbase between Los Angeles and Washington, D. C., sponsored by Los Angeles Chamber of Commerce and Washington Board of Trade. Signs tell city name, direction to airports, true north line, latitude and longitude, and with "winged 1" points line of flight. This marker, first in California, was painted by Alhambra 20-30 Club at total cost of \$27.90 and with less than 100 man hours of volunteer labor.

MISSIONARY FILM, TALK SUNDAY IN 4-SQUARE CHURCH

Dr. Howard P. Courtney, who has just returned from a trip to the mission field, including Bolivia and South Africa, will preach in the Foursquare church at Torrance, 1207 El Prado, Sunday evening at 7:30. He will be relating some of the interesting experiences and things he has seen on his recent trip as well as showing one thousand feet of colored motion picture film taken in South Africa.

Dr. Courtney has traveled 60,000 miles in 30 foreign countries during the past two years.

BOARD DEMANDS ACTION; ALONDRA PARK IMPROVEMENT

In a crackdown on some of its own departments, Los Angeles County Board of Supervisors at its meeting Nov. 4 demanded explanation and action on improvement of various park sites acquired for public recreation purposes, including Alondra Park of the City of Torrance. The Supervisors set Tuesday, Nov. 25 as a deadline for County departments involved to bring in a plan for expediting improvements. Money for the project has been in the budget since July 1.

PETROLEUM TANK ZONING CHANGE WINS APPROVAL

Changes in the City Zoning Code to provide for storage of petroleum products in Zone M-2, light industrial areas, as well as in Zone M-3, heavy industrial begins, as now provided for, have been approved by the Los Angeles Planning Commission. Under present zoning regulations, storage of these products can only be had in the heavy industrial zones, and need for storage facilities at light manufacturing and light industrial districts has been developing.

Tule Lake Homesteads

Complete information and application forms for veterans' use in applying for homestead units recently opened to settlement in the Tule Lake area are now available at the Torrance Area Veterans Service Center, according to J. G. Caldwell, director.

Applications are to be submitted to the U. S. Bureau of Reclamation, Klamath Falls, Ore., before Jan. 20, 1948. World War II veterans are given an absolute preference for the first 90 days of the homestead opening, Caldwell said.

The 44 available units will be awarded by means of a public drawing among all applicants who meet the minimum requirements of two years of full time farm experience since 1932, references as to character and industry, and unencumbered assets in cash, real or personal property totaling at least \$2,000 in value.

Broken Homes Cause Crime

"Approximately 60 percent of the children coming to the attention of the Juvenile Court and the Probation Department of the County of Los Angeles during 1946 came from broken homes," said John M. Zuck, probation officer, in a statement released today.

Zuck was pointing out the importance of the forthcoming 16th Annual Conference of the Federation of Community Coordinating Councils of Los Angeles County which will be held at Patriotic hall on Wednesday, Oct. 29, 1947. "The other 40 per cent," continued Mr. Zuck, "come all too frequently from homes that are just as surely broken as though the legal tie were severed; by discord, strife, and irresponsibility for the parental obligations they assume in entering the marriage contract."

The theme of the conference will be "The Family and the Community."

THE BEST DRIVERS

The best drivers are those who are always learning to drive. To go on learning to drive after having mastered the art of operating the controls is to make every experience that comes to you in traffic a part of your driving technique. By using experience in this way the pattern of your driving will have a breadth capable of dealing with every situation you encounter.

JUNIOR RED CROSS ANNIVERSARY

The American Junior Red Cross, organized on Sept. 15, 1917, by proclamation from President Woodrow Wilson, this year, celebrated its thirtieth anniversary. The members—elementary and high school students—participate in a wide variety of local service projects, several major nation-wide activities and several world-wide activities.
